Dear Ms. Lane:

I want to thank you for speaking to my local mortgage trade group on your most recent trip to California. I have been fortunate to hear you speak on numerous occasions over the last several years. I have shared your "Create Your Fate" strategies with my clients and co-workers previously, so it was a real treat this time for them to experience you up close and in person.

If you make your way out West again, please let me know as each of your presentations are unique and I am always eager to hear you. You have helped me tremendously, both personally and professionally.

Sincerely,

A handwritten signature in blue ink that reads "Jeffrey RA Lewis".
